Urgent warning from ABC Indonesia / Palang Hitam

ABC Indonesia / Palang Hitam issues a warning there's a fake fundraising campaign on gogetfunding.com for Indonesian anarchist prisoners under the name Palang Hitam. ABC/PH want to make it clear that, as of now, all new emails/blogs/accounts related to Palang Hitam are fake, except for the old ones. Here's the old/real contact info for Palang Hitam **[Warning these accounts should be considered seized by cops – New account infos will be updated here on Dark Nights or by International ABCs]**:

Email: palanghitam@riseup.net

Instagram: @palang__hitam

Blog sites: palanghitamanarkis.noblogs.org

The anarchist prisoners are still in isolation, so it's super hard to get in touch with them, especially Eat since he's being accused of leading the "Chaos Star" group. So, ABC/PH is asking you all to cancel any donations made to that fake Palang Hitam fundraiser.

After the police arrested all the anarchist comrades and published the propaganda about the groups getting foreign funds, then there are opportunists who see a way to scam the money and disrupt the solidarity.

The ABC/PH solidarity donation fund account will be given to those who request it via Dark Nights, or long-standing Anarchist Black Cross groups, who have the ABC/PH fund account already.

Thank you. Long live anarchy! Long live solidarity!
